Once again Brouhaha International returns with our annual carnival parade hosting local, national and international costumed participants. 2017 has been a challenging year and in order to deliver carnival on the road we have explored options and sought partnerships. This year we have partnered the Liverpool International Music Festival (LIMF) and the parade will be happening within Sefton Park, exposing our work to new audiences, so join us in costume or in the park for our City's most diverse carnival celebration.

Participating in carnival 2017 under our annual theme of 'Many Voices One Song' will be costume sections from Liverpool and the Wirral as well as national participation by East Midlands Caribbean Carnival Network, not to mention our international groups from Europe, the Caribbean, Africa and Latin America.
